10. Chairperson Report: *Thanks everyone on parent council for doing such a great job managing their sub-committees and making it possible for me to not micromanage, which I am prone to do! We've always had a good turnout in our group for parents who want to be involved with the success of their students and wanting to help make the school more fun, better equipped for learning, more supportive to many different student needs, and provide field trip opportunities to as many kids as possible. I am always happy to help out and answer questions!*
